

## ADD CLUB

Ardleigh Discovery Detectives, **ADD**, is a club where children take an active part in planning and the content of Collective Worship. The children volunteer to give up one or two lunch times each week to explore Collective Worship.

Each school child is an individual with unique qualities. **ADD** Club encourages children to use these qualities to **ADD** to school life. The children help lead different parts of Collective Worship either individually or in a small group. The children also choose the weekly Act of Caring which is displayed in the school hall. Speaking in front of the whole school can be daunting, but with the support of other **ADD** members the children are soon keen and confident to lead.

**ADD** children are full of bright ideas which is recognised by the school by inviting them to attend staff and Governor meetings. These children discuss ideas confidently and their ideas have influenced decisions which impact the whole school.

**ADD** Club seeks to build upon a caring community within the school. They organize competitions at Christmas and Easter as well as running a school appeal for less fortunate children.

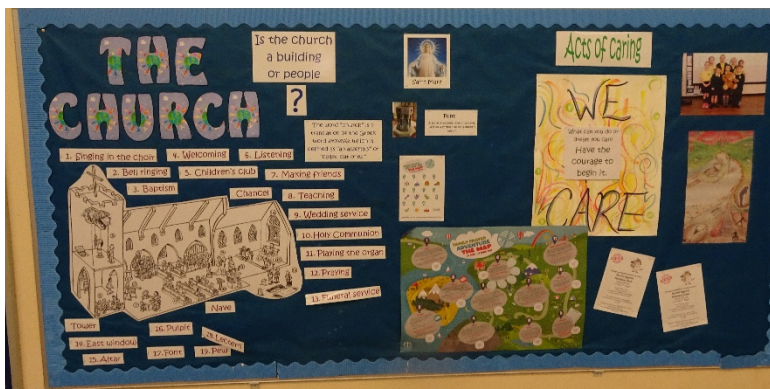

**ADD** club was created in 2012 and has been continuously evolving since thanks to the caring children we have in our school.
